David & Goliath

The Philistines and the Israelites were at war. A giant named Goliath came to the Israelites to fight them. All the Israelites were afraid of Goliath and no one would fight him. David, a young boy, decided to fight Goliath. David knew God would be with him. He was very brave and had faith in God. David chose five smooth stones from the stream and, with his sling, approached the giant. He put one stone in his sling and hit Goliath in the forehead with it and Goliath fell. Because David had faith in God, he beat the giant and the Israelites triumphed over the Philistines.
